THIS YEAR 1970 . . . THE PROGRESS

FORWARD

In the pages of the 1970 Progress are recorded the work, the play, the achievements, and the failures that made up The Year 1970 on the Washington Union High School campus.

For each student the year holds different memories, I hope that we have been able to capture a portion of these memories in the 1970 "Progress" as we have tried to show the life of the WUHS campus during The Year 1970.

As the school year comes to a close, we all remember the many triumphs and failures of the past nine months, and our minds look forward in anticipation of what the future may hold.

With artificiality, prejudice, and hypocrisy showing its presence in all phases of life, it is hard to distinguish that which is real from that which is false. One fact is that an education is essential to obtaining the ultimate in academic and social progress. Anyone who increases his knowledge has the opportunity to study in a field which is of interest to him. At the same time he will encounter many situations which will help him to cope with the many problems of our society. Although I wish it were true, I realize that not everyone will continue their search for knowledge. Some will find jobs and marry while others will disappear forever. But whatever your choice may be, I wish you success.

I would also like to remind each student of his importance in this world. For we shall be the ones who will be faced with the task of making this a world of harmony and peace. I wish to thank you, the student body for giving me the opportunity to serve you. I will cherish these past nine months forever.

This year the band, under the direction of F. John Pylman, had one of its best years. The band placed first in the Concord band review and first in the Fowler Parade. It was also a good year for the majorettes. They placed fourth in the Concord Parade, Tenth in Merced, and eleventh in Long Beach out of 50 majorette teams. The concert band got a superior for the sixth consecutive year in the Merced Concert Festival.

Dance Committee

This was a busy year for Dance Commissioner, Michelle Ventura and her assistant, Linda Earl. They were in charge of preparing the decorations and entertainment for the school-sponsored dances. With the help of committee members they worked to make the dances successful. Decorating the bandstand, throne, and entrance; besides cleaning-up and paperwork took much time and effort.

The man that hath no music in himself,
Nor is not mov'd with concord of sweet
sounds,
Is fit for treasons, stratagems, and
spoils;
The motions of his spirit are as dull
as night,
And his affections dark as Erebus:
(Merchant of Venice: V)

Shakespeare referred to music many times in his plays, and of the music of his contemporaries and its effect on man. The "Madrigal Singers" is dedicated to the study of the songs of Shakespeare's age through preparation and performance. The "madrigal" was a popular song then; but today it is classified with "serious" music.

The members of the Madrigals are selected from the best singers in the vocal music department--by invitation. The group performs at the Pacific Music Festival at Stockton, the C. M. E. A. festival at Merced, for the Fresno Madrigal Festival in Fresno's Honor Chorus, and in other similar functions.

Yes! It is members of the new drama club who are frantically trying to memorize their next line before curtain rise. But it is also these people who are entertaining students at W.U.H.S. at assemblies and for others at other performances. A one-act melo-drama and a 3-act play are the goals for this season and so are money making projects.

Dances

When the girls meet the girls, anything can happen and did at the Pep Rally for WUHS football game with Sierra. A powder puff game where the WUHS pep squads met the Sierra Chieftains, members of rally committee, for a grueling game of flag football which ended with the Panthers winning 6-0.

The basketball powder puff game between the freshman-sophomore and the junior Senior girls squad was sponsored by the WUHS student council and was held in the WUHS gym on February 10. The highlights of the evening included the exciting wrestling match between Terrible Tami Ventura and Linda the Pearl Earl held during half-time and the spectacular performances of JV coach, Mr. Bertelsen and Varsity coach, Mr. Dunn on the court. Mr. Dunn almost made a basket.

Of course an important ingredient in any game is the cheering section and for our powder puff games who else could we use but the boys!

THIS YEAR 1970

...FACULTY

Principal's Message

The 1969-70 school year has brought to an end another decade of education at WUHS and is ushering in the opportunity for new adventures in learning for the 1970's. Most of your education has taken place during the eventful sixties. This has been a period of tremendous changes, questioning of the social, economic and political structure, and new approaches in education.

With these experiences as background, you will be in a better position as citizens to give order and direction to the new ideas that are borne on the winds of change today. Your ability to give form and meaning to your sense of human values, to the democratic process and to responsible citizenship will depend not only on your ideals, but also on your ideas.

As you progress through school you will become more involved in planning for your future. Your education will gain new experiences in dealing with problems of our modern society: conservation of our natural resources, poverty, conflict, unemployment, crime, health, and many others requiring solutions.

The basis for your part in solving these problems will depend largely on your educational experience, both at home and at school. This foundation is being built every day and the future of America depends on how well you build.

Best wishes to you, our graduating seniors, and 1970-71 student body as you approach the 1970's with hope vision and great expectations for yourself and Washington Union High School.

Farewell

THIS YEAR 1970 has come to an end for the 1970 Progress. Its staff has worked hard to publish the best possible yearbook which we hope will be one of the best WUHS has ever had. I would like to take this opportunity to thank the many people who have helped to produce the 1970 Progress.

A special thanks goes to Mrs. Bedford for her guidance and understanding throughout the year. She spent many hours of her personal time helping put the yearbook together. She made the staff feel that it was more than just a job to her and that she enjoyed working with us.

I would like to thank the professionals who gave us much needed support: Mr. Al Higgins, from the American Yearbook Company, and Mr. John Maxwell, the professional photographer who took hundreds of pictures which appear in the Progress.

Without the co-operation of the administration and faculty of WUHS, there could be no Progress. Thank you so much for understanding our needs and helping to fulfill them.

I could never express in words the pride I have in my staff. They took an impossible task and achieved it! I believe that they are the finest staff ever assembled. Though we had tight situations, I think that we have put out an excellent yearbook.

As I sit reminiscing over THIS YEAR 1970, I feel I must thank the people who have not been included as yet, but who through their presence made it easier for me to co-ordinate the 1970 Progress. To the four members of "my family", Hawk, Schmeck, John, and Hamlet, I would like to say thank you for the support you have given me through the entire year.

I will never forget the great times we've shared. To the "Super Five", I am glad we came together during THIS YEAR 1970. You have helped me get through many hard times.

I sincerely hope that we have given you--the students of Washington Union--a memory book that has captured the spirit of WUHS during THIS YEAR 1970.

Bonnie
